SUES FOR AN ACCOUNTING.

OGDEN, Oct. 18.—A complaint was filed Saturday afternoon in the district court by Mrs. Nettie Bennett Stuart against John Douglas Pederson in which the plaintiff claims that Pederson owes her not less than \$800 and probably a great deal more. The complaint alleges that during the year 1907 and prior to Nov. 4, 1902, defendant and one A. L. Bennett of Alamosa, Colo., were engaged in the invention and development of a repeating shot gun, under an agreement that Bennett should receive one-fourth interest in the invention and letters patent on same, in consideration of certain financial and other services. On Nov. 4, 1902, Bennett died, leaving as his only heir at law his widow, the plaintiff in the present action.

BITTEN BY BULLDOG.

OGDEN, Oct. 18.—On Saturday two men were bitten by an infuriated bulldog and badly lacerated. While attempting to save his dog from being eaten by a bulldog, J. Weber was badly lacerated by the dog. Another man, name unknown, volunteered assistance to Weber, and the bulldog tore his teeth through the fleshy part of the man's leg. Both men had to be taken to a doctor to dress the wounds.

ESCAPES ELECTROCUTION.

OGDEN, Oct. 18.—On Saturday, while working on the street tower transmission line of the Telephone Power company, immediately east of the city, a young man by the name of Eakin came in contact with a live wire and received a heavy electric shock. After receiving the shock the man fell a distance of about 40 feet to the ground. He was rendered unconscious and it was thought for a time that he would not arrive.

He was taken to the hospital, where Dr. Edward Rich was called. The doctor says the young man is badly burned about the arms and legs and other parts of the body, but will probably recover unless seriously injured internally by his fall.

POLICE COURT.

OGDEN, Oct. 18.—Eight men were each given a sentence of \$5 or five days a police court Saturday on the charge of drunkenness. That is almost a record for the local court and shows that the saloons are still in business. V. H. Ross pleaded guilty of vagrancy and as the testimony showed him to be a "parasite" of the underworld, Judge Murphy gave him the limit—30 days or \$5. A. Wilson, colored, was given 10 or 10 days for vagrancy. William Duffy received the same sentence for the same offense. Charles Williams was placed under a \$20 bond awaiting a hearing on the charge of mendacity. Mrs. C. Peterson was sent to jail for 10 days on the charge of vagrancy. Geo. Williams, colored, charged with forgery, was placed under bonds for \$500 awaiting his preliminary hearing. TWO TICKETS IN THE FIELD AT FILLMORE

(Special Correspondence.)
FILLMORE, Oct. 18.—The Republican party of Fillmore on the evening of Oct. 14, placed in nomination the following ticket:

Mayor—Christian Anderson.
Councilmen—Four years: Arthur M. Pranson; (two years) A. F. Robinson, Rasmus Rasmussen, and Don C. Wilson.
Recorder—William Melville.
Treasurer—G. A. Shail.
Justice of Peace—James A. Kelly.

The "Citizens" on the 15th made the following nominations:

Mayor—Daniel Stevens.
Councilmen—(Four years) John Carlberg; (Two years) William Spackman, Peter D. Robinson, and Rufus Day.
Recorder—A. J. Ashmun.
Treasurer—G. A. Shail.
Justice of Peace—J. E. Giles.

The platform of both parties favor high license for liquor saloons, and an economical business like conduct of the municipal affairs of the city.

There is great demand for bench lands and in fact there is but very little of the many thousands of acres of brush land to be entered in any way, as all below the survey of the Sevier River irrigation company's canal is being held under the Carey act and that above has been selected by the state for applicants, a very few of whom are residents of Millard county. What all would like to see is that those who are holding so much valuable land make improvements upon it by cultivation and raising crops.

POLITICAL MUDDLE IN GARDEN CITY

Prohibition Forces Fail to Come to An Agreement for Fusion.

(Special Correspondence.)
PROVO, Oct. 18.—The Democrats and Republicans, who have been working on a fusion project for the past week in order to present a united front of prohibitionists against the Independent or anti-prohibition forces, have so far failed to reach an agreement. The sub-committees of the two parties which met Saturday night report that the Democrats, as a precedent to further business demanded that Mayor Decker's name be placed at the head of the fusion ticket. This the Republicans would not agree to, and nothing was done. There is now some talk of deciding by lot which of the nominees of the two parties shall be retained. Whether this will be done or not is uncertain. Most probably nothing will be done by reason of failure to agree upon any course.

Of the independent nominees Webster Hoover has resigned as councilman from the Fourth ward and William Probert has been selected to fill the vacancy. O. V. Harris, the nominee for recorder has also resigned, and Ralph Elliott has been substituted.

\$5,000 FOR MEMORIAL BUILDING.

PROVO, Oct. 18.—At the banquet given the guests of honor at the B. Y. U. corner stone commemoration Saturday afternoon, a suggestion was made by Senator Reed Smoot that each donor to the building fund take it upon himself to secure another donor who would contribute as much as he had done. This suggestion was not adopted because it was considered that it would work a hardship on some of the wealthiest donors. E. H. Hall proposed that each member constitute himself a committee of one to work for the collection of the necessary funds. This was adopted and a start made. Before the banquet was over \$5,000 had been subscribed.

PROVO, Oct. 18.—The remains of Mrs. E. J. Schwartz, formerly Miss Maud Richmond, were brought here today for interment. Funeral services were held in the Third ward meetinghouse. Mrs. Schwartz was the daughter of Mr. and Mrs. Joseph E. Richmond of this city and was born here 35 years ago. Her home has been in Sacramento several years. The cause of her death is not known here, but her health has been failing for several years. She has many relatives and friends in this city and other parts of the state.

(Special Correspondence.)

PARK CITY, Oct. 15.—The Latter-day Saints meetinghouse was crowded last evening to the capacity with friends of Bishop Frederick Rasband and his family, who leave for Provo, where Mr. Rasband will go into business. A splendid program and delicious repast were enjoyed by all present. Bishop Rasband has been bishop since 1901, and has lived here continuously for over 22 years, in which time he has been closely identified with Church work. (Special Correspondence.)

NEPHI, Utah, Oct. 15.—At the Democratic convention held in the Court House last evening the following ticket was named for the coming election:

Mayor—G. M. Whitmore.
Recorder—Peter Sorenson.
Treasurer—John L. Lattin.
City Councilmen—long term Enoch Burton, with Jas. L. Belliston, P. P. Christensen, Jas. Bigler, short terms.

The new paper, The Juab County Times, will make its first appearance tomorrow.

The trustees of the Nephi schools have been visiting the schools today and report a large attendance of pupils, good teachers, and favorable conditions existing generally in the schools. The high school has over seventy students registered, with more promising to enter later.

The well boring outfit out on the Levan Ridge reports being down 450 feet, with 120 old feet of water but without force enough to raise it to the surface. That they have struck water at this the highest point on the Ridge proper means much to the farmers, and assures the building of homes all over the Ridge, should flowing water be found. It means the building of another town right where the work is being done, which prospect is greatly encouraging the farmers.

The recent action of the Commercial club through several of its most active members in getting up and cleaning up Depot street and having the weeds and rubbish away, has caused many others to clean up their lots and sidewalks and generally lent influence to civic improvement.

CLOWARD HOME IS BURNED AT MONROE

(Special Correspondence.)
MONROE, Nev., Oct. 15.—Yesterday the cottage home of J. E. Cloward was entirely destroyed by fire, which started in the ceiling from the stovepipe. There was no wind at the time, otherwise adjacent property would also have been burned. A fund is being gathered which will aid materially in tidying over the present needs of the family.

Last Sunday night a very large parents' gathering was held in the meetinghouse by invitation of the teachers of the district school, where a splendid music program and pointed educational talks were given by the teachers and trustees.

It was voted at the meeting to sustain the trustees in establishing classes in agriculture, horticulture and domestic science in the higher departments of the academy.

The people at this end of the D. & R. G. railroad line have ample cause to complain at the poor service rendered. For the past two weeks the trains have been from two to six hours behind schedule time in arriving, while best dispatchers are out of patience in waiting for the trains.

Republicans, Democrats and Socialists have named their candidates for official honors.

Prof. Briggs of the U. of U. after meeting with the teachers' institute at Richfield came over here tonight and gave a most inspiring lecture on education.

The horsemen of Monroe who are raising the Suffolk breed of horses are proud of their success in capturing medals, ribbons, cups and honoraria mention at the late 1899 fair for their large and beautiful display of this fine breed of animals.

SUCCESS OF PROHIBITION IN SANPETE COUNTY TOWNS

(Special Correspondence.)
MOUNT PLEASANT, Oct. 16.—The liquor question in Sanpete county is cooling in for its share of attention in this fall's campaign. Four of the county towns went dry on Oct. 1, and it is expected the others will follow on Jan. 1, 1910.

Citizens' tickets are being arranged in some of the towns, for the express purpose of enforcing the reform movements already taken, and that may be taken. In the towns where the two parties are running special steps are being taken to secure and maintain the reform others commenced.

At Mont, it is reported that since the town went "dry" on Oct. 1, the saloon and drug store men have fallen right in line and are doing their share to observe the high license ordinance.

At Mount Pleasant the conditions are not as they should be, but regardless of the attempt of some of the saloon men to make it appear that more liquor is being sold now than before, conditions are so much improved that the citizens feel that the attempt is not a failure, by any means. Expressions are frequently heard that the conditions are something never expected to be seen here.

Miss Minnie Wheeler, a graduate of the Groves L. D. S. hospital training school for nurses, has been secured as chief nurse.

INCIDENT BLAZE.

MT. PLEASANT, Oct. 16.—What might have been a damaging fire was prevented by the forethought of the daughter of James D. Simpson of Mt. Pleasant Tuesday evening. One of the children having lighted a candle unknown to the parents, accidentally touched it to some cotton in the bedroom, where the walls were covered with clothing. A big blaze followed, which Mrs. Simpson, who was alone with the children, tried to put out by carrying outdoors the burning articles with poor success, when her daughter, Eva, came to her rescue by throwing a heavy rug over the blaze, extinguishing it. The fire department made a good run to the place but was not needed. The damage will amount to but a few dollars.

MT. PLEASANT BRIEFS.

The sheepmen of this locality are much concerned over a circular letter, given out by A. W. Jensen, supervisor of the Mont, forest reserve, which states that the reserve will have to be restricted, and the present allotment greatly reduced.

It is reported that 7,000 bushels of dry land grain have been raised in Fairview this season.

One thousand tons of baled hay is to be shipped from Fairview to Salt Lake this fall.

LEHI, Oct. 15.—At the Republican convention held here Saturday night, the party declared its policy in favor of submitting the prohibition question to a direct and separate vote of the people on Nov. 2.

Recorder—G. A. Goates.
Treasurer—Walter L. Webb.
Justice—Samuel Taylor.
Councilmen—four-year term, W. E. Packard; two-year term, Lorenzo Crocker, J. E. Bane, J. C. Gough.

Without a dissenting vote the convention adopted the platform with the following plank relative to prohibition:

"We endorse the action of the present city council in passing what is known as the prohibition ordinance, and, believing that an expression of the will of the people on this important measure

PRESIDENT JOSEPH F. SMITH Laying the Corner Stone of the Karl G. Maeser Memorial Building at Provo.

would strengthen the city officials in enforcing this ordinance, we therefore recommend that the question of prohibition be submitted to a direct and separate vote of the people, at the coming election, and we hereby pledge the nominees of this convention, if elected, faithfully to carry out, by every legal and proper means, the will of the majority of the voters of Lehi City, as expressed at the polls on Nov. 2, 1909."

INDIANS SPEND MONEY LAVISHLY AT SHERIDAN, WYO.

(Special Correspondence.)

SHERIDAN, Wyo., Oct. 15.—Little Wolf, chief of the Cheyenne Indians, accompanied by 150 of his people, arrived in Sheridan yesterday from the Upper Tongue river country. The Indians brought with them over \$5,000 of the \$600 recently paid them by the government for beef furnished.

The Indians made all kinds of purchases. One family bought two sewing machines, another two white enamel bedsteads. Others bought top buggies, wagons, etc. Almost all of the squaws purchased silk dresses, bright-colored

petticoats, high-heeled shoes, etc. None could be induced to buy the big broad-brimmed hats worn by their paleface sisters. These are the same Indians that yellow journals recently stated

The Englander Couch Bed \$15.00 and up

The bed couch combining comfort, economy of space and neatness of appearance. A complete and practical demonstration in our windows on West Third South street.

Can be instantly changed from a luxuriously appearing couch to a perfect bed by a single motion and without removing from the wall. This single motion not only extends one section of the couch, but reverses the mattress and you do not sleep on the upholstery.

This cut shows the couch closed with the drapery removed. The frame is made entirely of metal and is therefore strictly sanitary and absolutely vermin proof, as well as being practically indestructible. The mattress is filled with white cotton and covered with linen on the couch side and regular bed ticking on the bed side.

This cut shows the couch being transformed into a bed, giving a view of the fabric springs at each end. The great ease with which these couch beds are operated is shown by the fact that a child does it easily.

Here the single motion of the lever combined with the mattress, which opens like the leaves of a book, is complete, forming a full-size, perfect bed.

To interest you in our Couch Bed Department, we are offering an extra special inducement this week—A splendid Iron Sani-
